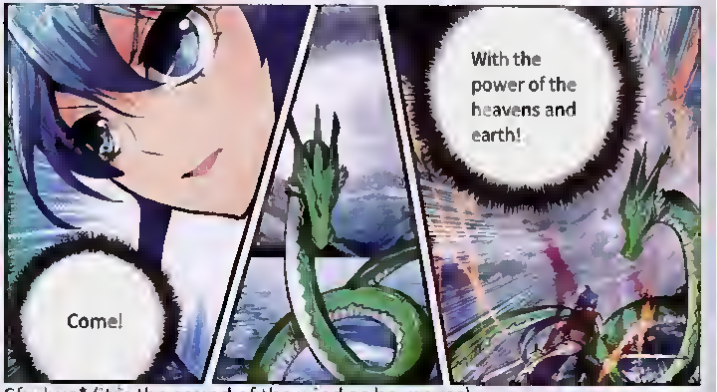
恭喜发财

编绘：莫向
原著：我吃西红柿

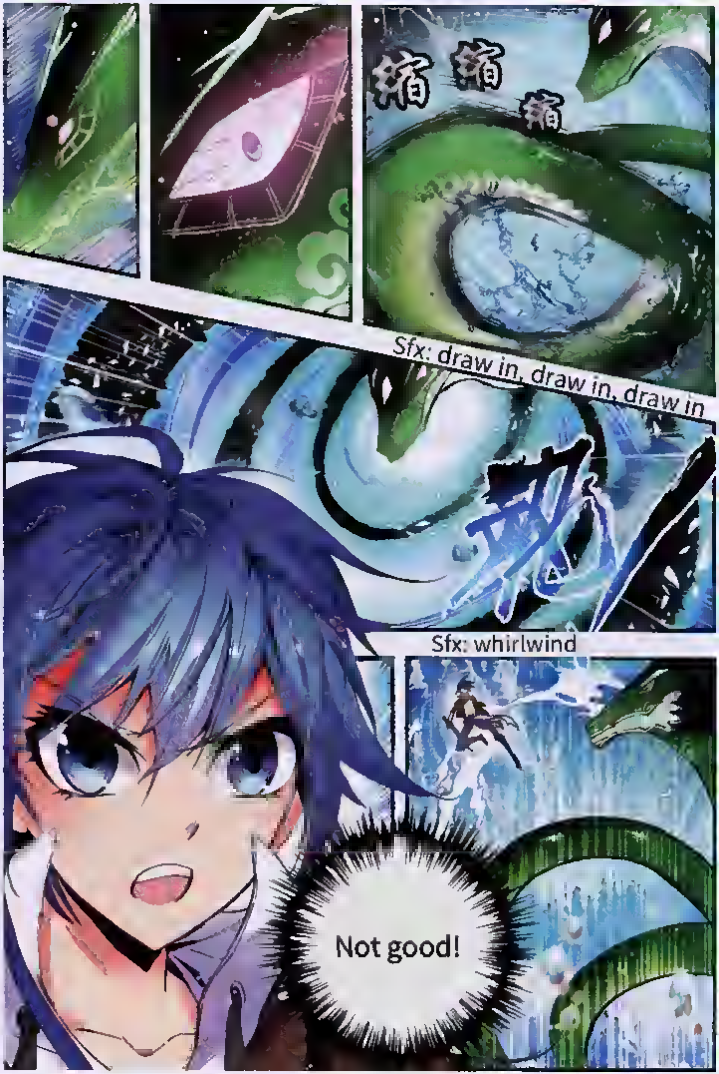
Faced with the strength of an opponent that completely surpass me
It's speed strength, and defense are stronger than me by far
but nght now I don't feel even the slightest bit of fear

Hiss!
To be able to fight with this kind of opponent,
it really makes you boil with excitment!
The power of the sun, the power of the moon rotating inside are at it's peak.



Sfx: hua* (it is the sound of the wind as he moves)

Blood!!
Hiss——



嗡嗡嗡
Sfx: draw in, draw in, draw in
Sfx: whirlwind
Not good!

The green sky serpent is a godly beast, it can be big and small. Based on agility, it's when it's small that it is the scariest!
Have to hurry to take jie lingdan*.
To: it's a type of pill. Lingdan means pill and jie means solution or loosen
Haha
! !

Shua*
In: *it's the sound of him moving through the air.
In an instant it can actually change dorections 12 times.
So fast!
Attacked so many times.

滴水剑法
防御绝招
滴水不漏
Sfx: Shua
Water droplet sword technique
Defence skill
Still not even a drop of water
Bam!!
Bang!
Ah!

呼!!
Ugh! Broke two ribs.
Bam!
Bit, with monstrous body training I can recover very quickly.
but it's power is a lot more powerful than the big winged serpent
Splash
Dong!

Sword technique heaven and human as one,
even an ordinary cut, stab, slice
Hiss!
Can use the power of heaven and earth to be considered to achieve this.

This may be the turning point, where the favors will leave the state of heaven and human as one
So when I fight next to this lightning,
Bite!!
Long-term defense will lead to death
Sfx: ah! x7
Swallow

Bite!

Sfx: hua-!!
Tn hua is basically the sound of the wind and water

Hiss!

Sfx: hua!! hua!!
Kill! Kill! Kill!
Tn: *It was a move used earlier by him. In chinese the pharse is an idiom that basically means steady
It's attacks are faster than lightning!
It's coils are stronger than fine water runs long.*
Sfx: wind sounds

In the time of frenzied slaughter,
Sfx; hua la! (Raining sounds)
Ji Ning also perfectly used the power of the heaven and earth.
Sliver of light, mercury spill, not even a gap.
Once and once again the green serpent couldn t defend.

Tn: this whole page is practically a poem.

Uh! Now I feel the pressure of fighting lighten up a little.
Sfx: hua (the sound of the wind)
Ah! And I can now even split my concentration,
On one hand I can use the power of heaven and earth,
And on the other I can skillfully calculate how to fight.

I never thought that under this pressure, there can actually be this kind of change!
The handling of two swords also went up a level.
Ever strike has also became so perfect
My sword technique.....

It has been reached!
Ha!

Hahaha!
Great!

I finally got to the state of heaven and man as one.
Green sky serpent king,
Thank you for helping me break through.
天人合一达成，空青蛇王败
